

Pitch Deck for Your Level | Template

[Pichy Chavez]

[HUMBLE]

Introduction

Introduce yourself:

[I Am Pichy Chavez;
I am from
Guatemala; I got into
this program by
suggestion and
recommendation,
etc.]

Core Concept

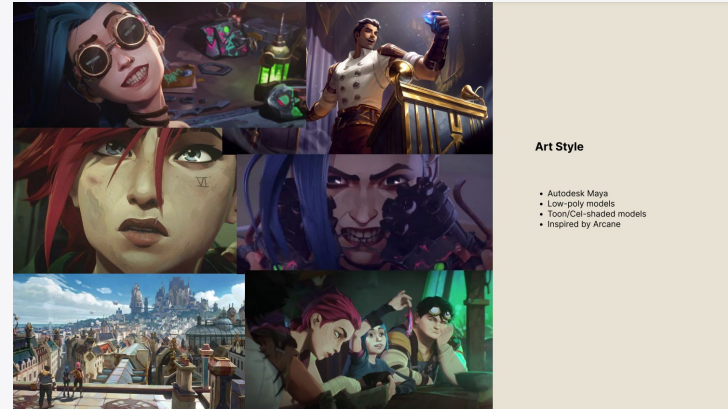

Description (1-2 sentences):

- **Describe your your level:** The Goal of my level is for the soul purpose for the UI commodity and relaxation. Making the pathways easy and understandable. Furthermore making the user feel the sense of enthusiasm when they venture the architecture of the level.
- **Show a **playthrough** of your project highlights:** to do this, you can create a brief video/screen recording that shows the gameplay, so that the audience can get a taste of it.

Art & Sound

- Add images of the new assets you created, and any other piece of art that make your project unique.
- Show what new sounds (background or SFX) you added to your level. You can make a simple list of them or create a really short recording of the part of the level where a sound appears.

Possible Target Audience

**You can base the info of this slide according to the results of your playtesting sessions.*

- **Age Range:** [10-90]
- **Experience Level:** [Casual]
- **Games They Play:** [Retro Games]
- **Successful Similar Games:**

Why Should you care:

1. I am seeking to reduce the annual amount of human stress from to complex games
2. My experience in these game dilemmas make me and empathic creator to help people not worry about these problems by generating a tranquil environment. My team and I understand the video game market and how to fix it's diffenceies
3. Feedback that actually changes the game , our community is our number 1 priority to satisfy them, nothing else.

Thank You!
