this program, etc.]

Core Concept

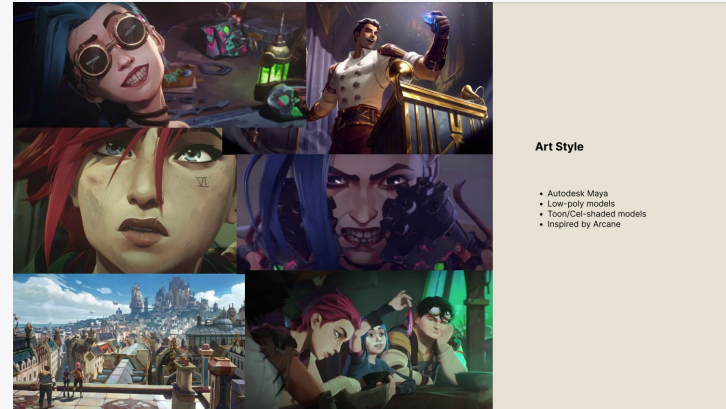

Description (1-2 sentences):

- **Describe your your level:** what is the *goal* of your level. *How is it different from the original one?*
 - Introduction to NPCs: *Are there new ones? What do they do?*
 - Description of the environment: *Can the new assets, mods of tilesets, etc. change the player's experience?*
 - Challenges: *Are there new obstacles? Why are they important?*
- **Show a *playthrough* of your project highlights:** to do this, you can create a brief video/screen recording that shows the gameplay, so that the audience can get a taste of it.

Art & Sound

- Add images of the new assets you created, and any other piece of art that make your project unique.
- Show what new sounds (background or SFX) you added to your level. You can make a simple list of them or create a really short recording of the part of the level where a sound appears.
